

Pinacl Plus enables you to reduce the complexity of managing your IT environment in order to free up valuable IT resource that could be deployed in more strategic activities thus offering a cost saving.

Pinacl Plus takes your standard maintenance contract to the next level by utilising a Network Operating Centre (NOC) solution for advanced monitoring and remote support.

Pinacl Plus ensures that you are aware of any issues before they affect the productivity of your organization

Pinacl Plus pro-active support is achieved by utilising the latest event management tools which allows your maintenance contract to benefit from:

- Power Management
- Capacity, Availability & Configuration Management
- Real Time view of your IT environments
- Engineering support

Capacity Management

The Issue

- Lack of analysis on utilisation for capacity, resource, applications and performance

The Solution

- Pinacl Plus enables Monitoring, analyzing, tuning, and implementing necessary changes in resource utilization
- Pinacl Plus enables Storing capacity management of data
- Pinacl Plus uses Modelling to simulate infrastructure performance and understand future resource needs
- Pinacl Plus uses Application sizing to ensure required service levels can be met
